Bedford, Freeman and Worth Publishing Group, LLC	Models for Writers, 11th Edition print text + 6 year eBook + Easy Writer, 4th Edition	Alfred Rosa	2012	9-10	9781457633515	Recommended as a resource for Writing only 55% CCSS-Writing
	Notes: Could be decent for honors course or advanced course, but definitely not comprehensive, and weak in many areas. Very little guidance or modeling-students are expected to answer questions without real instruction beforehand. This book will leave many students behind-probably useful for 11-12 grades. Very weak on work level. Key Features: -79 selections in Models for Writers are brief, lively examples that are comparable in length to what students will write themselves -Part 1 of <i>Models</i> details the writing process and includes 4 sample student essays; Parts 2-3 cover basic elements and language of writing (such as thesis, organization, transition, diction, and tone); Part 4 introduces different types of essays and rhetorical patterns - <i>Easy Writer</i> is designed for clear, easy reference and gives attention to good writing, not just surface correctness -Up-to-date information on research and documentation offers the latest guidelines for MLA-, APA-, Chicago-, and CSE-style documentation, with color-coded source maps to help students use and cite sources effectively. -Complete coverage of the writing process offers tips on planning, drafting, revising, and editing, plus help with academic writing and portfolios.

Text 95% CCSS-Writing 72% Material Analysis
	Notes: This is a great component program for writing that addresses informational text as a model; however, it lacks a rich variety of literature that would distinguish it as a CCSS comprehensive program. Did not evaluate the e versions. Key Features: - <i>Patterns</i> contains comprehensive coverage of the writing process, the patterns of development, and research. Part 1 covers “The Writing Process;” Part 2 covers “Readings for Writers;” and Part 3 covers “Working with Sources” - Excellent student support in <i>Patterns</i> with more examples of student writing than any other reader- 16 annotated student essays - <i>Easy Writer</i> is designed for clear, easy reference and gives attention to good writing, not just surface correctness -Up-to-date information on research and documentation offers the latest guidelines for MLA-, APA-, Chicago-, and CSE-style documentation, with color-coded source maps to help students use and cite sources effectively. -Complete coverage of the writing process offers tips on planning, drafting, revising, and editing, plus help with academic writing and portfolios.

	Notes: This text contains no works considered literature or meeting the RL standards. Key Features: <ul style="list-style-type: none">• Reading instruction offers practice in using context clues to build vocabulary, identifying the structure of an essay, analyzing an essay's thesis, and evaluating the validity of the authors' positions.• Writing instruction, framed as writing in response to reading, covers paraphrase and summary, writing clear paragraphs, writing and evaluating thesis statements, and creating persuasive essays.• Instruction in the modes takes students from the definition and requirements of each mode, to reading and writing in it.• Readings drawn from magazines, newspapers, the Web, and textbooks are designed to resemble their sources, as a reminder to students to consider context.• Readings like Robert Epstein's "How Science Can Help You Fall in Love" offer compelling glimpses into a variety of academic disciplines.• Selections on health, stress-management, and interpersonal relationships help students manage college life while honing their reading and writing skills.• Topics such as race relations, the consequences of war, the pros and cons of volunteer work, and the virtues and pitfalls of technology help students connect reading with the issues they deal with every day.• Textbook excerpts give students practice reading specialized vocabulary, developing study skills, and performing well on exams. Emphasis on practical applications of reading and writing skills helps students transfer what they learn to their courses. The opening chapter on college success provides tips for managing workload and making the most of college resources.

Recommended Writing Component Programs/Resources – 9-12

	<p>Notes: This is a good supplemental resource for language, writing, and reading of informational texts. It does not meet the non-negotiables or Idaho core. Adequate text for study and practice of writing w/good emphasis of rhetorical modes and grammar. Readings at back of book are narrative essays.</p> <p>Key Features: With carefully crafted instruction, engaging student models, and plentiful practice exercises, this best-selling text continues to provide the most effective paragraph-essay level writing instruction available.</p> <ul style="list-style-type: none"> • A new method for personal error tracking includes a chapter on proofreading techniques and tools for tracking individual errors. A removable error-pattern chart for student use and targeted proofreading strategies for every grammar and spelling chapter encourage students to identify and avoid their own most frequently made errors. • Five new, high-interest reading selections by diverse, well-respected authors include Ellen Goodman on multitasking, Malcolm Gladwell on the role of hard work in success, and Jhumpa Lahiri on her experience of moving between two cultural worlds. • Thorough and engaging critical-thinking coverage includes more Thinking and Writing Together activities, now called "Teamwork: Critical Thinking and Writing" and "Teamwork: Critical Viewing and Writing" to emphasize the role of visual analysis in critical literacy. The AIE also offers additional Teaching Tips focusing on critical thinking.

Cengage Learning 12/31/19	The Hodges Harbrace Handbook	Glenn	2013	11-12	9781133435655	Recommended as a resource/supplemental program for writing and language
	Notes: This book would be a great supplement to use in a classroom. This text is good for writing and language.					
	Key Features: THE HODGES HARBRACE HANDBOOK, 18E, guides student writers in developing their understanding of the rhetorical situation. This understanding enables even those students with minimal experience or confidence in their writing to learn to write more effectively--to choose the most pertinent information, arrange it well, and use the most appropriate language when writing for an audience. <ul style="list-style-type: none">• This comprehensive text situates all discussion of writing--grammar, mechanics, style, diction, invention, drafting, revising, and research--around rhetorical concerns, providing a unifying theme that is easy for students to follow and supports their development of essential writing skills.• Chapters 1--7 have been revised to make grammar concepts more accessible to students with little background studying the English language and to help them practice and improve those areas they often find difficult.• Chapter 35, "Online Writing," helps students compose effective, well-designed Web documents, while Chapter 42, "Writing in Business," includes a discussion and new example of creating and delivering effective PowerPoint® presentations as well as guidance on business writing essentials such as letters, reports, applications, and résumés.
